## SUMMARY

A proactive and dedicated Website Developer with a track record of creating responsive and user-centric web designs for major events like HISHOT 2024 and TECHFEST 2023. Adept at collaborating with cross-functional teams to translate design prototypes into live applications. As a General Affair at BVoice Radio, I have demonstrated meticulous organizational skills, ensuring optimal functionality of equipment and spaces. My commitment to education is evident through my role as Responsi Staff at HIMTI BINUS University, where I have developed impactful video-based learning materials and led the course summary team. My academic journey in Computer Science at Bina Nusantara University is complemented by practical projects and a specialization in UI/UX, preparing me to contribute effectively to the tech industry.

## EXPERIENCE

- General Affair

BVoice Radio ↗

04/2024 - Present

  - Take full responsibility for the organizational room.
  - Supervise activities and ensure equipment functions properly in the organizational room
  - Create and update inventory of equipment using spreadsheets.
  - Check equipment regularly and replace equipment if anything is damaged.
- Website Developer

HISHOT 2024

04/2024 - Present

  - HISHOT (HIMTI Seminar, Workshop, and Study Tour) is an annual event organized by HIMTI BINUS University with a series of four events, namely Seminar, Workshop, Domestic Study Tour, and Overseas Study Tour.
  - Created responsive and adaptable web layouts to various screen sizes and devices and ensure a consistent user experience.
  - Worked closely with the Creative and Design (CnD) division to deliver user interface elements from design prototypes to final website applications.
- Responsi Staff

HIMTI BINUS University ↗

03/2023 - Present

  - Responsi is a division that provides deeper enrichment regarding lecture material in the form of study classes that help computer science students.
  - Given the responsibility of creating video-based learning materials and summaries of several courses to improve the learning experience for students.
  - Served as team leader for the course summary team, and coordinate efforts to achieve our educational goals.
- Website Developer

TECHFEST 2023 ↗

04/2023 - 07/2023

  - TECHFEST (Technology Festival) is an annual event organized by HIMTI BINUS University with a series of three events, namely Competition, TechTalk, and TechExpo.
  - Created website layouts that responsive and adapt seamlessly to various screen sizes and devices and ensuring an optimal user experience across all platforms.
  - Worked closely with the Creative and Design (CnD) team to implement user interface elements, transitioning from design prototypes to the final website.

EDUCATION

**Computer Science**  
Bina Nusantara University

09/2022 - Present

- GPA : 3.04
- Created two websites for college project assignments.
- Took user interface and user experience courses as specialization subjects.

**Mathematics and Natural Science**  
MAN 1 Kota Semarang

07/2019 - 05/2022

- Participated in robotic club and become team leader.
- Educate new members of robotic club about Internet of Things material using Arduino language.
- Team up with other members of robotic club and win two international robotics competitions.

CERTIFICATES

**Activist of Responsi 2023** ↗  
HIMTI BINUS University

03/2023 - 03/2024

Recognized as an Activist of Responsi 2023 at HIMTI BINUS for outstanding contribution to the enrichment of computer science education, demonstrating a commitment to academic excellence and peer support.
